Calling all Manga Maniacs, Anime Artists and Japanimation Junkies! Now you can make your own action-packed anime cartoon movies. If you dream of animating ninjas, fairies or other fantastic creatures, this is the class for you!

In this drawing-intensive workshop, you will design original characters, and learn to animate them like the pros do, with pegbar and lightbox animation, painted cels and special effects.

Each student will receive a DVD of the animation created in class, complete with sound, music and titles.

Instructor Wendy Jackson Hall, an animator who has been teaching animation to young people for 15 years, will guide you through the process of drawing and creating anime cartoons.
